Medicals Forms :

1. With group homes they generally have a medical done once a year so, I try to get a Medical in their hands at least a year in advance, and have the parent or guardian sign it.

Budgets :

Travel is the big killer for us, so I check all bus companies then try for school rate which is lower one.

Check with other agency to maybe share a bus.

Fund Raising:

We do a chili cook off once a year and try to get the local business involve, plus we do a place mat ad which works very well.
