

INTRODUCTION

Special Olympics Wisconsin (SOWI) formed the Agency Management Committee (made up of your peers) to assist us in delivering higher quality and increased services to our Agencies. One of the Agency Manager Committee's ongoing responsibilities is to annually review and enhance the Agency Manager Handbook and Agency log in page on the SOWI website. This handbook is designed to assist, not overwhelm Agency Managers and it is not something to be read in one sitting, but rather to be used as a resource when you have questions on specific areas of the program.

This handbook is available on CD-ROM and via Internet on the SOWI website, SpecialOlympicsWisconsin.org. We encourage Agencies to utilize these electronic formats to save the organization material and printing costs. However, we will provide a hard copy or CD-ROM to any Agencies who request it.

In addition, the handbook is broken into sections or departments so Agencies who are working with an Agency Management Team (AMT) may provide their team members with appropriate information (please see the *Agency Management Team* section for a description of AMTs).

Finally, the committee always considers this handbook a work in progress, which will evolve from year to year dependent on your needs and suggestions. Please feel free to call the committee member in your Region or one of the other members and share your input.

As always, thank you for all you do!

Agency Management Committee
