| Contact: | Melissa Schoenbrodt (608) 442-5676 mschoenbrodt@specialolympicswisconsin.org |

MedFest is a Special Olympics Healthy Athletes® program that facilitates the required standard sports physical examination for current and prospective athletes. The Special Olympics General Rules require that all athletes who want to participate in Special Olympics must be examined by a physician or trained medical professional. The physical examinations at MedFest are conducted by volunteer medical professionals and are free to current and prospective athletes. Athletes remain dressed during exams, no invasive procedures are performed...no shots☺.

We invite athletes with a current medical on file with Special Olympics to MedFest, even if they are not competing at the tournament. Contact Melissa at (608) 442-5676 or mschoenbrodt@specialolympicswisconsin.org to register for MedFest. Walk-in are also welcome!
