GENERAL RULES

The Official Special Olympics sports rules shall govern all Special Olympics tennis competitions. As an international sports program, Special Olympics has created these rules based upon International Tennis Federation (ITF) rules for tennis. ITF rules shall be employed except when they are in conflict with the Special Olympics sports rules. In such cases, the Official Special Olympics sports rules shall apply. 1. OFFICIAL EVENTS

1.1. Singles

2. RULES OF COMPETITION

1.1. Divisioning

- 1.1.1. An athlete shall be divisioned based off of the Special Olympics Tennis Rating Form and their final score from Tennis Rating Form
- 1.1.2. A Special Olympics Tennis Rating Form must be submitted for each athlete with the registration packet for the event.

1.2. Match-Play

- 1.2.1. A match will consist of one six-game, no-ad set with a margin of two games with a seven point tie-break played at six all.
- 1.2.2. The no-ad scoring system will be used for all match play. The no-ad procedure is simply what the name implies: The first player to win four points wins the game – the seventh point of a game becoming a game point for each player. The receiver has the choice of advantage court or deuce court to which the service is to be delivered on the seventh point. If a no-ad set reaches six games all, a seven point tie-break shall be used.

NOTE: The score shall be called with conventional terms: love, 15, 30, 40, game. Tie break scoring shall be one, two, three, four, etc.

- 1.2.3. A tie-break will be played when the set reaches six games all. Player “A”, having served the first game of the set, serves the first point from the right / deuce court. Player B serves points two and three (ad/left and deuce/right). Player “A” serves points four and five (ad/left and deuce/right). Player “B” serves point six (ad/left) and after they change ends, point seven (deuce/right). “A” serves points eight and nine (ad/left and deuce/right). “B” serves point 10 and 11 (ad/left and deuce/right). “A” serves point 12 (ad/left). The player who reaches seven points with a two point margin during these first 12 points wins the game, set, and match. If the score has reached six points all, the players change ends and continue in the same pattern until one player establishes a margin of two points which gives him the set/match. Note that the players change ends every six points and that the player who serves the last point of one of these six-point segments also serves the first point of the next one (from the deuce/right court).

1.3. The Service

- 1.3.1. The service shall be delivered in the following manner: Immediately before commencing to serve, the server shall stand with both feet at rest behind (i.e. further from the net than) the base-line, and within the imaginary continuations of the center-mark and side-line. The server shall then

project the ball by hand into the air in any direction, and before it hits the ground, strike it with the racket and the delivery shall be deemed to have been completed at the moment of the impact of the racket and the ball. A player with the use of only one arm may utilize his racket for the projection. The player may use an underhand or overhand service at their discretion.

1.3.2. The service is a fault if the athlete misses the ball in attempting to strike it. The ball shall not bounce before being struck or it is a fault. The server receives two attempts to serve a good serve.

1.3.3. A serve hitting the net and landing in the correct service box is called a let and is replayed.

1.4. Continuous Play

1.4.1. As a principle, play should be continuous, from the time the match starts (when the first service of the match is put in play) until the match finishes.

1.4.2. Between points, a maximum of 20 seconds is allowed. When the players change ends at the end of a game, a maximum of 90 seconds are allowed. However, after the first game of each set and during a tie-break game, play shall be continuous and the players shall change ends without a rest.

1.4.3. If a tie-break is necessary, there shall be a set break of a maximum of 120 seconds before the tie-break starts.

1.4.4. The maximum time starts from the moment that one point finishes until the first service is struck for the next point.

1.4.5. Additional rules

1.4.5.1. A ball landing on a line is considered good.

1.4.5.2. A point is called after the ball has touched the ground.

1.4.5.3. Touching the ball before the ball touches the ground on a serve awards the point to the server. Only on the serve must the ball bounce before the opponent hits it. If the ball touches any part of the opponents clothing, body or racquet, the point is awarded to the server.

1.4.5.4. No cell phones on the courts.

1.4.5.5. Athletes should receive a five-minute warm-up on court prior to the start of the match.

1.5. Coaching

1.5.1. A player may receive coaching from a designated Special Olympics coach when the player changes ends at the end of the third, fifth, seventh, ninth, eleventh games, but not after the first game, or when a player changes ends during a tie-break game. The coaching must be brief and not impede the progress of competition. Players will be allowed 90 seconds for a changeover.

1.6. Place Tie-Breakers

1.6.1. When two or more athletes have the same final point score, the tie shall be broken as follows.

- 1.6.1.1. First: the fewest number of sets lost in all matches
- 1.6.1.2. Second: the most games won in all matches
- 1.6.1.3. Third: the fewest number of games lost in all matches
- 1.6.1.4. Fourth: head to head results

3. UNIFORMS

1.7. Athletes must be neat in their dress and wear proper tennis clothing and soft-soled athletic shoes. No blue jeans, cut-off shorts, loud sports shirts or street shoes are allowed. Athletes wearing improper uniforms will not be allowed to participate.
